day and the Ticket Made Up.

The democracy of this county met in onvention yesterday at the court house. C. Morgan called the convention to order, and on motion Col. Keatley was made chairman and M. G. Griffin and J. C. De Haven, secretaries.

After a committee on credentials had een chosen and set at work, Judge Harris, of Missouri Valley, was called on for a speech, and responded in his usual stirring manner, predicting all sorts of laurels for the democratic party in the future. The convention then adjourned

until afternoon.
On reassembling, the committee on credentials reported. A resolution was offered by Col. Tam and unanimously adopted, endorsing the democratic state platform.

"The manner in which most of the pois-

onous snakes capture their food is to wait—well hidden—a passing animal or bird, and, if close enough, to strike it. The snake does not even try to hold the prey, but, knowing the terribie effects of the bite, lets it run and creeps up to the dead or dying creature to swallow it. The latter process consumes considerable time, as the teeth of the reptile are not constructd to masticate and the prey onsequently must be swallowed entire. "Non-poisonous snakes either await

The Blair Bridge.

The engineer in charge of the S. 'C. & P. bridge at Blair informs the Missouri Valley Defender that the bridge would be ready for running trains by the first of November. The steam shovel was being worked incessantly and the filling in of the trestlework on the west side of the river was almost completed. On the east side the trestles were almost ready for the laying of the track except where the washout occurred, which would be ready in a few days. The engineer also said that the benefits accruing from the washout in throwing up high banks of sand and floodwood would almost, if not fully, equal the damage thereby. Valley paper makes the prediction that in five years from now so great will be the increase of business along the line of this road that a double track will be

1883: "It is with feeling of gratitude, and desire to

benefit my fellow-man that I write you these few line as testimony to the value of the greatest of all med icines. Eight years have I been a sufferer from kidof urine, with sharp pains in my side, loins, and back extending clear to the back of my head, tended to make life miserable. I have been treated by a nun ber of our best physicians, and have used any num and originated in glands behind the eyes ber of proprietary medicines, all to no avail, obtain ing no relief. How long I would have continued i this way I do not know; in fact I despaired of getting lively scrimmage for a few minutes and root of the fang, or hollow tooth, and a relief, until a neighbor, who had been very mucr caused great excitement while it lasted. small moveable bone attached to the maxto try it; and although I had no faith that it would reach my case, yet as he spoke so highly of its great merits I decided to give it a trial and its use has been attended with the very best possible results. Twelve hours after taking the first dose I experienced relief I continued on in its use until I had used five bottles when all the painshad vanished, my otherwise goo health returned, and I am free from all pains, and an
